
Artificial Intelligence Hindi Dubbed Movie

the story revolves around alex murphy (peter weller), who was a cop with a conscience and the best partner. when his partner is killed, he becomes the robocop and vows to fight the criminals. his way of doing so is through cybernetic enhancements. he is given a robotic arm and a cybernetic eye. in the first movie, the police force is disbanded and replaced by the robocops. this is because of the crimes that are being committed by the criminals. in the movie, the robocop encounters a gang that has committed some crimes. he encounters them in a factory building. he uses the cybernetic eye to take down the gang. to add to the cybernetic power, he wears a suit of armor that is connected to his cybernetic parts. the suit allows him to move with a lot of ease. the movie shows how the world has progressed to such an extent that we have created robots to take the place of humans. the movie was a futuristic thought experiment. the question was whether we were really progressing towards a world where humans could be replaced by robots. this movie set a trend that a number of movies have followed in the next decade. movies like blade runner, total recall, matrix, and so on have shown us the future of robots in the world. co-director john woo is famous for making gangster movies with a bit of action, but he also makes war movies with a bit of action. however, the killer is probably his best with a bit of action in it. the story is about a military unit that is given a mission to take down a rogue chinese army. they have to go in under cover and take them out in an abandoned city. but when they arrive, the soldiers quickly find out that the problem is not with the chinese, but with the people. a group of mutant-like citizens are attacking the soldiers, and there is no way to stop them. the soldiers have to take the fight underground, and start a war that will never end.
