

iPod Tag Express With License Key [Latest 2022]

KEYMACRO for the iPod and iPhone is an updated version of the award winning KEYMACRO for the iPod. KeyMacro for the iPod and iPhone has new features that make it more efficient than the iPod version and also more intuitive to use. Now the only thing you have to do is hit the "i" button on your iPod or iPhone, and you will be able to easily edit your tag. What are Tags? A tag is a label that you give to your songs so that you know exactly what it is. You can for example use your own name, a date, a song title, your favorite food or a special place in which you listened to that song. KEYMACRO for the iPod and iPhone enables you to: - add, edit or delete multiple tags - rename your tags and pick the most appropriate tag - include the artist name, year and album of a song - create custom categories for your songs - set a secret password to your tags - set a custom message for all your new tags - and much more... KeyMacro for the iPod and iPhone also features an intelligent search, to find your favorite tags faster.
